

## Register for READsquared and start your Summer Quest!

**READsquared** <http://wyopublib.readsquared.com> works the same way as the "paper" reading and activity logs worked in past Summer Quest programs. Keep track of your daily reading to earn points. Instead of logging "minutes" spent reading, you will now keep track of "days" spent reading. For each day that you read, you will earn 25 points toward badges, as well as entry into this year's Summer Quest Raffle in August. We have lots of great prizes, including books, gift cards, and the grand prize: an Apple iPad! The more days you read, the more points you will earn, and the more you will increase your chances to win!

You can also earn points and badges by participating in activities and events, like virtual storytimes and bookclubs. Similarly, you can complete "Missions" to earn additional badges, so be sure to check them out! The events are posted on the "Events" calendar, where you will also find descriptions and links to join the Zoom programs. **Some of the events, like bookclubs and Yocum's "Art-Ventions" workshop, have limited space, and require registration.** Email [kristine@wyopublib.org](mailto:kristine@wyopublib.org) to sign up for special events.

If you have any questions, please contact me at [kristine@wyopublib.org](mailto:kristine@wyopublib.org). Keep reading and don't forget to log your activity! Have fun as you learn and earn!

Sincerely,  
Kristine "Miss Kris"
