

## Logging into Your Patron Account

- ✚ To log into your patron account from home, you will need to know:
  - Your patron barcode number (*printed on the back of your library card*)
  - Your PIN (*the password for your account*)
- ✚ If you need help, please contact us at (610) 374-2385 or [circulation@wyopublib.org](mailto:circulation@wyopublib.org)

1. Start by going to the Library's website: [www.wyopublib.org](http://www.wyopublib.org)
2. From the top menu, select "Catalog", then "My Account"
3. At the next screen:
  - a. Enter your 14-digit library card number (*if your number is 3 or 4 digits long, see note at bottom of this page*)
  - b. Enter your PIN
  - c. Click the "Log in" button

If your barcode number is less than 14 digits long, it means that your patron account predates our current automation system. In order to make your card work with our software, the barcode number has been converted to 14 digits. Whenever you are using electronic resources, you will need to enter the 14-digit version of the barcode number.

To make the conversion, use the guides below. Insert your card number into the blank spaces.

For 3-digit cards:  
25012 00000 \_ \_ \_ 0

For 4-digit cards:  
25012 0000 \_ \_ \_ \_ 0
